## **Sierra Pacific Industries Reopening California & Oregon Forestlands for Public Access**

***Reopen is effective immediately – Oct. 2, 2025***

**Anderson, CA**—Sierra Pacific Industries (SPI) will reopen its California and Oregon forestlands to public access and recreation effective immediately.

SPI's public access policy allows for the use of most of the company's forestlands for hunting and other recreational activities. Among other restrictions, overnight camping, campfires, and smoking are prohibited. Motorized use in many areas is restricted for resource protection and public safety concerns. Other areas may be posted as closed for active operations, post-wildfire restoration activities, existing leases, wildlife protection and other considerations.

To learn more about the company's recreation access policies, please visit the website at <https://spi-ind.com/OurForests/RecreationAccess>.

###

*Sierra Pacific Industries is a fourth-generation, family-owned forest products company based in Anderson, California. SPI owns and manages more than 2.4 million acres of timberland in California, Oregon and Washington. It is one of the largest U.S. lumber and millwork producers, as well as a manufacturer of windows, doors and biomass energy. The company is committed to sustainable forest management and manufacturing innovation along with a commitment to their people and operating communities.*
